To Whom It May Concern:

This letter is to serve as reference for Adeline Lorillot relative to her potential application as a highly qualified and experienced specialist paint finish artist within your organization.

I have had the great pleasure working with Adeline on the Sheraton Addis Hotel in Ethiopia, which is part of the Luxury Collection group of Hotels.

As the Interior Designer on the Project we specified a variety of specialist paint finishes from faux marble, faux timber, verde gris, gold leaf, unique and complex wall finishes as well as tromp l'oeil screens, all of which Adeline executed to the very highest standard.

No task was ever too difficult for Adeline and credit must be extended to her ability to work under difficult conditions on a very fast paced project that often meant working well into the night and weekends.

Adeline is also a highly creative person who is able to interpret the brief and execute the required finish with flair of artistry and professionalism.

It has been an honour to know Adeline and to have the opportunity to advocate on her behalf. She will most assuredly be an asset to your organization.

Please do not hesitate to contact me directly should you require any further references,

Kind regards,

A handwritten signature in black ink, appearing to be 'RH', written over the text 'Kind regards,'.
